

Town & Country Animal Clinic

1241 S. Houston Lake Road

Warner Robins, GA 31088

(478)-953-7297

Daniel W. Gentry, DVM

To:

This letter is to confirm that your pet, “ _____ ”, is scheduled for surgery/dental work on _____ . Our surgery check-in time is 8:30 – 9:00 a.m. As significant time is allotted for surgical procedures, **failure to keep your appointment without a 24 hour notice will be subject to a “no show” fee of \$50.00**

Enclosed you will find a surgery release/pre-anesthetic testing form. **Please read and complete this form, and bring it with you when you drop your pet off for surgery.** Pre-anesthetic bloodwork gives the doctor an inside look at your pet’s vital internal organs. We are especially concerned with the function of the liver and kidneys as these organs help rid the body of medications used during anesthesia. We recommend completing this simple bloodwork to help ensure the safety of your pet during and after the anesthesia.

PRE-SURGERY CHECKLIST

- Remove all food after 10 p.m. the night before your pet’s procedure.
- Leave water available until the morning of your pet’s procedure.
- Complete/Sign Surgery Release/Pre-anesthetic Testing Form

Our patients are monitored during surgery with such devices as Pulse Oximetry, (which is a measurement of the oxygen carried in the blood), respiratory monitor, and electrocardiogram as needed. We use these to reduce the risk of anesthesia to its lowest level.

If you have any questions regarding pre-anesthetic testing or your pet’s upcoming procedure, please don’t hesitate to call.

We look forward to seeing you!

Sincerely,

The Staff of Town & Country Animal Clinic
